

English and American Champion
Déjà vu Stand By Me to Pekehuis

There is no higher compliment than to be judged by your peers and to be found deserving. So, for Geoffrey Davies to award Stanley his final CC and make him into an English Champion was the highest of honors.

My thanks to John Shaw and Winifred Mee (Pekehuis) for their partnership, friendship and belief that this could be done. Thanks to Jordan Ransome for always getting Stan's ball from under the chair and to Antony Cockerill for making sure everyone gets to where they were supposed to be. Thank you to the judges that appreciated Stanley's virtues; Geoffrey Davies, Tony Heap and Henrik Johansson.

English and American Champion Déjà vu Stand By Me to Pekehuis

Our Dogs News - 29.09.2017

HISTORIC WIN AT LONDON REFORM PEKINGESE ASSOCIATION SHOW

The Pekingese, American Ch. Déjà Vu Stand by Me to Pekehuis, has gained his English title at the London Reform Pekingese Association show on September 23, under breed authority Geoffrey Davies.

Whilst any English champion is a reason to celebrate, this championship is an historic one for the breed, as "Stanley" is the first American bred Pekingese male to complete his English title. The first and only American bred Pekingese bitch to complete her title was John Shaw's Crufts Best of Breed winner, BIS Am. UK Ch. Franshaw Hear Me Roar. Stanley is owned by John Shaw and Winifred Mee with his breeder, Susan Shephard.

Stanley finished his American title, undefeated with five majors at 11 months old. A year later, Winifred was in Florida, at breeder Susan Shephard's home, and Stanley caught her eye. A few months after that, John, Winifred and Susan agreed to send Stanley to England to work on making UK history.

Judge and breed authority Geoffrey Davies said: "The more I went over him, the words "Take the dog as a complete whole" rang in my head. His outstanding features are: size, build, balance, conformation, his fantastic body and overall shape, and his total and unquestionable soundness, and consequently his excellent movement. In fact there is much more to admire than there is to criticize about this exhibit. It would be remiss of me not to mention the exemplary manner in which this dog was presented and handled. His rich, glowing, clear red coat was presented to perfection, and he showed magnificently - free standing, without being propped up, displaying the true dignity one associates with the breed. I was delighted to award this dog the Dog CC, which makes him a most worthy U.K. Champion."
